

BAUER

2016 | TEAM UNITY

**KMHA APPAREL &
EQUIPMENT PROGRAM**

JUNE 20-26, 2016!!

BAUER

BAUER

The Team Unity Sale is brought to you by **Play It Again Sports** in partnership with **KMHA** and **Bauer Hockey Inc.**

JUNE 20-26, 2016

Purchases and/or orders need to be made in store at **Play It Again Sports** (509 Wilson Ave., Kitchener, ON, N2C 2M4) **Between June 20-26, 2016.**

Store hours for this period are Monday through Friday 10am - 9pm, Saturday 9am - 5:30pm, Sunday 11am - 5pm.

Play It Again Sports will have stock available in most items for immediate purchase as well as size samples for items that need to be ordered. Once stock is gone all orders will revert back to Bauer timelines for custom orders and the sale price will be honoured upon arrival of the product.

This sale program is based upon being a limited time Association order. As such, the deadlines are firm.

Terms and Conditions:

Payment in full is required even for items placed on order (as this is a special order). For non-custom items, such as helmets, orders should be received with a couple of weeks. For custom items such as jr/lady ranger pants, bags and gloves, Bauer's standard turn around time is 90 days. However, for the sale period, we expect to have over 90 pair of custom pants and over 100 bags in stock.

As a further bonus, customers ordering 2 or more items off the flyer will receive 20% off any one regularly priced item in the store (excludes items listed on the flyer).

Trade-ins **WILL** be accepted, for additional savings.

Any questions, please contact Play It Again Sports at 519 748-5809 or piaskitchener@aol.com

Thank you

Play It Again Sports-Kitchener

LOOK AS ONE - PLAY AS ONE

REACT100 HELMET

The Bauer Re-Akt helmet has a Suspend-Tech Liner system which means when the helmet takes an impact from any angle the suspended liner stays with the head to keep the pads in the proper place where they can best do their job. While the suspend liner stays with the head, the shell and interior liner of the helmet rotate to absorb and deflect the impact. With the Re-Akt helmet taking on its literal name and reacting to the hit, this greatly reduces the brain from excess movement that can be very dangerous.

The Re-Akt helmet also features PORON® XRD™, this foam is very lightweight, flexible, breathable, and dissolves any serious force on impact. The use of PORON® XRD™ and Suspend-Tech liner are used in the two key areas of the helmet that receive the most impact. Less exposed areas of the helmet, areas proven to not take the majority of the impacts, use Vertex foam. When compared, Vertex foam has the same density as EPP foam but is lighter and provides improved impact protection.

Bauer still offers the same tool free adjustment, but this time they changed it up a bit. The Re-Akt now has a 3.0 Optical Lock that is a single adjustment located on the center back of the helmet. To use you just lift up the tap and slide the adjustment piece to fit your noggin and you're ready to go. Also for comfort Bauer uses memory foam like padding that fits snugly to the head while providing optimum comfort. Lastly, for the stink, Bauer installed Microban® antibacterial protection to resist odors and mildew.

HELMET ONLY MSRP: \$290

SALE PRICE: **\$239.99**

HELMET MASK COMBO MSRP: \$350 SALE PRICE: **\$279.99**
