COACH BIO:

My name is Bryan Stevens, I have played, managed & coached over a number of years.

I played Juvenile AAA for Mississauga in conjunction with the Mississauga Dixie Beehives Jr B Program. Then in my college years, I played Tier 1 College Hockey with the Georgian College Grizzlies.

My Hockey commitment and passion runs deep. I have been very fortunate to be part of many Teams that have had great success.

COACHING EXPERIENCE:

For my managing & coaching experience, I was the General Manager/Coach with the Kitchener Dutchmen Jr B Organization, followed by Coaching/Managing Kitchener Jr Rangers U18 AAA Program. During those years I was also an Instructor with Edge Hockey Program here in Kitchener, and a Lead Instructor with Elite Toronto Hockey School.

PHILOSOPHY:

I have developed my coaching philosophy and skills standing alongside and being mentored by some of the best coaches this game offers. I have a coaching style and philosophy that supports hard work, attention to detail, a commitment and desire to be better every time you get the opportunity to step on the ice. The collaborative effort our staff brings to the game is delivered in a positive learning environment with strong ethics, extensive experience and knowledge is the recipe for success.
